THE RALEIGH NEWS

OL. XIII--NO. 97. RALEIGH, N. C., WEDNESDAY MORNING, JUNE 19, 1878. $5.00 PER ANNUM

FORTY-FIFTH CONGRESS.

The Session Extended to Wednesday, 6 p. m.---Night Session--Many Important Measures Adopted.

By Telegraph to the News.

WASHINGTON, June 18.—Both Houses remained in session until after 3 o'clock this morning:

To-day, in the Senate, Kirkwood, from the Conference Committee on the resolution of the House returning to the Senate the Post Route Bill which the House refused to consider on account of one of the amendments being in the nature of a revenue bill, reported that the Committee had been unable to agree, and the report was laid on the table for the present. The amendment referred to is: That allowing foreign books to pass through the mails free of duty, in accordance with the terms of of the international postal treaty. The conferees on the part of the Senate proposed to waive all discussion concerning the question of privilege at issue between the two Houses, and to consider the bill with the Senate amendments; but the House conferees declined to agree for the reason that they do not possess the power under the resolution of the House to consider the bill or the amendments without an enlargement thereof.

The Senate passed the resolution which extends the session until 6 o'clock Wednesday evening.

The consideration of the Sundry Civil Bill was then resumed.

The Senate amendments to the resumption Repeal Bill have been nonconcurred in by the House for the want of a necessary two-thirds majority, so that the bill fails. The Senate amendments were to make greenbacks receivable for four per cent. bonds and customs duties.

Wm. W. Dewhurst was nominated for postmaster at St. Augustine, Fla.

The Internal Revenue bill was received from the House, and having been read by its title, Withers moved to lay it on the table, for the present, and have it printed. The object being to have it considered without reference to the Committee.

Sargent objected to a second reading to day, and it was laid aside, under the rule forbidding a second reading until to-morrow.

Ransom appealed to the Senator to withdraw his objection, but Sargent said he could not do so. He made the motion intelligently, and in the interest of his constituents.

The discussion upon the amendment to the sundry civil appropriation bill, for the payment of the Southern mail contracts for service rendered prior to the war, was continued.

Spencer submitted an amendment providing that any part of the appropriation of $475,000 appropriated for that purpose by an act of March 3d, 1877, not required for the payment of said contractors, shall be used to enable the Postmaster-General to contract for mail steamship service between New York and Rio de Janeiro and New Orleans and Rio, once a month from each port, and to pay for such service thirty dollars a mile.

Ruled out upon a point of order, that it was general legislation.

The Senate finally agreed to the amendment directing the Secretary of the Treasury to pay the Southern mail contractors for the services rendered prior to the war, with the amendments, providing that the claimants shall give bond for the return of the money to the United States in case it should subsequently be discovered that the claims were paid by the Confederate States, and also that any claimant who shall receive payment from the United States after having been paid by the Confederate Government, shall be punished by fine and imprisonment.

HOUSE.—Bills removing the political disabilities of Wm. W. Loring, H. A. Edmundstone, Wm. P. Smith, A. D. Wharton, and E. Kirby Smith.

Potter, of New York, moved to suspend the rules, and pass a bill prohibiting Congress from considering or allowing private claims against the government until they have been heard and passed upon by the Court of Claims. Agreed to.

The House passed the Senate bill providing for the manner in which Jas. B. Eads shall be paid for opening a channel between the South Pass of Mississippi River and Gulf of Mexico.

A bill was passed appropriating $9,000 for macadamizing the road to the National Cemetery, Vicksburg, Miss.

The Senate agreed to the Sundry Civil Appropriation bill appropriating five and a half million dollars to pay the award of the Halifax Fishery Commission, if, after correspondence with the British government on the subject of the conformity of the award to the requirements to the treaty, and to the terms of the question thereby submitted to the commission, the President shall deem it his duty to make payment without further communication with Congress. After adopting numerous amendments, the Senate passed the Sundry Civil bill.

Gordon called up bills to remove the political disabilities of Wm. A. Carswell and Larkin Smith, of Georgia, passed.

The Senate resolution, extending the time for adjournment to Wednesday at 6 p. m., was concurred in.

Confirmations: Sumner I. Kimball to be General Superintendent of the Life Saving Service; E. Jefferds, District Attorney of the Southern District of Mississippi; Wm. Hayden Edwards, Consul General at St. Petersburg. Postmasters—Robert M. Tindall, Okolon, Miss., and Wm. H. Dewhurst, St. Augustine.

EVENING SESSION.

HOUSE.—Stephens, of Georgia, from the Committee on Rules, reported a resolution for a general index of the journal of Congress, from the beginning of the government, to be made under direction of the Committee on Rules. The compensation of indexes not to exceed $2,500 per annum; adopted.

On motion of Atkins, of Tennessee, the Senate amendment to the bill appropriating $20,000 for the expenses of presidential election investigating committee was concurred in. (The amendment adds $20,000 for the Senate Committees and $10,000 for investigations of the Department of Justice.)

At 8:40 a message from the Senate announced the passage of the Sundry Civil appropriation bill with amendments, and on motion of Mr. Atkins, of Tennessee, the amendments were non-concurred in, and a committee of Conference ordered.

Messrs. Atkins, of Tenn., Hewett, of New York, and Hale, of Maine, being appointed such Committee on the part of the House.

In the Senate, Messrs. Windom, Dorsey and Beck have been appointed a Conference Committee on the Sundry Civil Service Bill.

The House bill in regard to paying the expenses of contestants for seats in the House of Representatives was taken up, and it led to some discussion.

The Senate will, some time before mid-night, take a recess until 9:30 to-morrow morning.

THE EUROPEAN CONGRESS.

By Cable to the News.

BERLIN, June 18.—The statements of the action of the Congress are contradictory. Some correspondents assert that Salisbury proposed the admission of Greece and supported the proposal in a speech which occupied the entire sitting. Others declare that the subject was not discussed at all.

It is stated that when Count Andrassy introduced the question of the boundaries of Bulgaria he made an earnest speech, urging the division of European Turkey into districts on the basis of national ties, thus rendering reform and regeneration possible without severing their connection with the Porte.

LONDON, June 18.—The next sitting of the Congress will be on Wednesday.

LONDON, June 18.—It is understood that the representatives of England moved for the admission of Greece at yesterday's sitting of the Congress, and the representative of France moved that the Greek delegates be admitted so as to enter into direct relations with the Congress; but pending the debate the motion was continued until the next sitting.

England will insist upon a vigorous limitation of Bulgaria to territory North of the Balkans.

Indian Troubles.

By Telegraph to the News.

SAN FRANCISCO, June 18.—Reports of Indian hostilities continue. The Indians are burning buildings at Stern Mountain. Three columns are ready to move on the hostiles' position. The settlers at White Horse are hourly expecting an attack.

A special despatch from Portland, Oregon, says about five hundred hostile Indians have started toward Camp Harvey in this State, and that they are receiving accessions as they march. General Howard has given instructions to send Miles' command now en route to Harvey with all possible haste.

A Silver City despatch says: Hostiles have left Steins Mountain, and are moving towards Harney Valley, thence to the Matthew's agency and Snake River, and will probably keep on until they effect junction with the Columbia River Indians, which addition to their forces will, they calculate, enable them to sweep the country. Camp Harney will probably be captured to-morrow, and if so, there will be a terrible slaughter of whites congregated there for protection.

Nothing has been heard from Howard since yesterday. If he does not effect a junction with Steward's forces, the party accompanying him from Camp Lyon could easily be captured by the Indians.

GALVESTON, June 18.—The News' Fort Clark special says: A party from the Rio Grande reports that Canoles, with 300 regulars, impressed all the men and horses he could find in Piedros Negros, and started up the river to intercept Shafter, who crossed the river on Saturday. It is reported that Mackenzie was obliged to return to this side owing to the scarcity of water. Shafter was also recalled.

The latter won the prize in her class on time allowance.

Youthful Train Wreckers.

By Telegraph to the News.

NEW YORK, June 18.—Three boys, aged from 10 to 12 years, were arrested last night charged with placing large paving stone on the track of the Elevated Railway, so as to precipitate the train from the track. The escape was miraculous, as each car of the train jumped the obstruction. The train was full of passengers, and much consternation prevailed.

Washington Notes.

The Collapsed Strike.

By Cable to the News.

LONDON, June 18.—Detailed accounts confirm the collapse of the cotton strike, but it is evident that a strong minority of the operatives are still in favor of resistance to the masters. The executive committee has resolved, as a precautionary measure, to recommend the reservation of the power to renew the lockout on the shortest notice.

BLACK AS TAR.

The Color Line Sharply Drawn.

Special Dispatch to the News.

TARBORO, June 18.

The Republicans of the Second Judicial District met to-day to nominate a candidate for Solicitor.

The Convention was a "shadowy" affair, and strong negro sentiment predominated. Logan Harris was here from Raleigh with Tim Lee heading his gang of strikers, but they scarcely produced a riffle on the dark tidal wave of a remorseless destiny. On the very first ballot John H. Collins, a colored man, of Halifax, was nominated for Solicitor of the Second District. What a commentary upon competency! What a mockery of justice!

The few white Republicans are chagrined, and Loge and Lee are lifted. After all the pipe-laying of the past few weeks; after all they have suffered for the sake of the man and brother it comes to this.

YOUNG MEN'S CHRISTIAN ASSOCIATION.

State Convention at Greensboro.

Correspondence of the News.

GREENSBORO, June 17.

THIRD DAY.

Called to order promptly at 9 a. m. Devotional half hour. The morning session was occupied in routine business and hearing reports from various associations, and the progress made the past year; 3 to 3½ devotional, and further reports of delegates. The Committee on Constitution and By-Laws reported, which, after animated discussion and some changes, was adopted. This is too long to transcribe into this letter, and yet it would be well to get a copy and publish it, to let the outside world know something of the noble objects of this body. At 5½ o'clock an open air meeting of largely increased numbers was again held.

NIGHT.

Devotional, half hour. Bible readings and answers, conducted by T. K. Cree in a very sprightly way, and profitable. The objects of the Young Men's Christian Association was then set forth by Prof. Hannah, of Charlotte, and how to reach young men in college life, by young Southgate, of Durham, the present Secretary, and by Mr. Lentz, of Norwood high school, of Stanley county. There was a large turn out of citizens present that night. This closed the business of the session.

FOURTH DAY (SABBATH.)

8½ a. m., to 9½ consecration meeting and largely attended, receiving scripture lessons, delightful song, prayer and praise; and then and there many renewed their vows to strive to be better men and women.

Now all disband to attend the various Sabbath Schools, and morning services at the churches.

Dr. Smith, Presbyterian, having given previous notice that he would preach his annual sermon to young men, which was both fitting in time and subject. He took for his text, "I have written to you young men, &c." A few headings is all I can give, viz:—Resolve to do something and do it; cultivate an active and inquisitive mind; 3d, read the Bible; devote all your early manhood to doing something good—all for Christ. Realize the peculiar temptations and dangers that lie in your pathway.

The young men of the United States are a greater power that in any other part of the earth, said the speaker.

The circulation of the Bible has had much to do in this, said he, for in the 12th century a copy of the scriptures cost about three hundred dollars, and the Am. B. S., issue about two million copies per year, now.

The usual services of all the churches were now closed for the day, to allow the people to meet with the Y. M. C. A. in Bamboo Hall, in the regular monthly Union prayer meeting, at 4½ and at an open street meeting at 6 p. m., and then the farewell meeting at 8. It is estimated that there were from 1000 to 1500 people closely gathered around to hear welcome words, scripture lessons, and songs at this meeting, and at night the Hall was crowded.

At all these meetings the best of feelings were indulged, and great harmony, there being about forty delegates present, amongst whom were T. C. Williams, Grand W. C. Templar of North Carolina, Prof. Rheinhardt, of Thomasville, Hannah, of Charlotte, Capt. Barham, Brown, and McIver, of Winston, Armstrong and McPheeters, of your city, &c., and T. K. Cree, the Secretary of the International Y. M. C. A. of America and the Canadas whose presence, perseverance and energy added much to make the convention a grand success, alike profitable to citizens and delegates—indeed, I speak truthfully when I say such meetings have never before been witnessed here. These delegates go forth now with new zeal to work for the prime object of the association, viz: the moral and religious interests of young men. There is none who will say that it was not *good and wise* that this second yearly meeting should have been held *in the city of flowers.*

THE HATCHER SCHOOL.

The Closing Exercises of Selma Academy.

Correspondence of the News.

SELMA, June 17.

The closing exercises of Selma Academy, under charge of B. W. Hatcher, came off on Friday night, the 14th inst., according to a previous announcement. The literary address was delivered at 3 o'clock, p. m., by Hon. L. R. Waddell, of Smithfield, N. C., to an attentive and interested audience. It was an able and eloquent effort, and was but another exhibition, not only of his beauty and grace as a speaker, but of his scholarly attainments, and his aptness and ability to interest and instruct the public as to the importance of general education. The entertainment in the way of dialogues, charades and declamation, came off at night in Graves' Hall, which was filled to its utmost capacity, all eager to witness the exercises of the evening. The exhibition showed that the teacher had not been derelict in his duty, and had worked up with more than expected exactness and success the talent entrusted to his care.

The exercises opened with a greeting song to all from the stage by Mrs. Hatcher and the school, together with W. L. Graves, Esq., who performed upon the organ to the gratification of all who heard him. The scene was applauded by all the beautiful wreathes of flowers together with the lovely and innocent smiles of the children rendered it grand and picturesque beyond our ability to describe, but as we don't wish to be invidious in what we speak, we can only say that all rendered their part well, giving, we believe, universal satisfaction and gratification to all who had the pleasure of hearing and witnessing the same. The best of order prevailed, everybody demeaning themselves with becoming dignity and going away feeling glad that they came. The principal announced that his next session would open on Monday, August the 5th, 1878. SPECTATIVE.

THE LEGISLATURE.

A Wake Nomination for the House of Representatives.

Correspondence of the News.

I desire to suggest, for the consideration of the County Convention, the name of Middleton T. Leach, Esq., to represent the people of Wake county in the House of Commons. I do this at the instance and urgent request of a large number of voters from various sections of this county.

Mr. Leach is eminently qualified to represent the true interests of the people; being, in the first place, no politician, belonging to no "rings," pledged to no "cliques." In the second place, he possesses, to no small degree, that forensic ability and popularity which, in my opinion, will enable him to do more for the election of our ticket next August, than any other man in Wake county. Mr. Leach is too well known and too closely identified with the interests and prosperity of the whole people, to require any commendation. I merely make this announcement to inform his friends and the people generally, that his name will be presented to them next Saturday, for their approval, as a candidate for a seat in the House of Representatives.

DEMOCRATIC WAKE.

THE NORMAL SCHOOL.

Unprecedented Interest and Successful Beginning.

Special to the News.

CHAPEL HILL, June 17.

Omnibuses, hacks, jersies, carts and sulkies rolled in this afternoon freighted with Normal school supplies, which consisted of human beings of both sexes, of both ages and of both appearances. Among the many new faces, one sees now and then an old Normalite. To-night there are over a hundred scholars quartered in the village, and the prospects for 500 are very flattering. The work of the school commences in the morning at 10 o'clock. Then an organization will be perfected.

It did my heart good as I walked up the street this evening to meet Prof. J. J. Ladd, the friend of every teacher in the world. Prof. Ladd is a most genial gentleman, a polished and accomplished scholar, a graceful speaker, a christian man. In short, he combines all those grand attributes and qualities which fit him to be an instructor of teachers.

As soon as I landed in Chapel Hill, a gentleman Normalite took the News during the Normal session. It was Mr. Johnson, of Sampson county.

F. D. W.

FISH CULTURE.

Commissioner Polk at Statesville.

Farmer and Mechanic.

He mentioned the great benefits to be derived from the artificial propagation of fish, and stocking the streams of the State with them; there was only one thing in the way to prevent the success of this enterprise, viz: the proper enforcement of the laws. Under these laws no one had the right to obstruct the passage of fish up the streams by dams built across them. Four or five millions of fish had been hatched last spring and distributed to the various streams in the State; if the farmers wanted a law to protect their interest, they should instruct their delegates to the legislature to have it enacted; politicians were far behind the masses of the people on these subjects.

Cheering Indications.

Oxford Torch-Light.

There is considerable excitement among our farmers on account of the high prices of tobacco. The prices advertised in our paper are astonishing, considering how low everything else is. There has never been a gold mine, we suppose, in North Carolina that paid like our bright tobacco. And the pretty thing about it is, that warehouses in our own county are handling a great deal of it. This is indeed encouraging.

NEUSE RIVER TOWNSHIP.

Wake County Democrats in Council.

Correspondence of the News.

The Democrats of Neuse River Township held a meeting at Dunnsville on the 15th inst. Peterson Dunn was elected chairman, and J. H. Fleming secretary.

A committee of ten were appointed by the chair to recommend a township committee of five. The following gentlemen were selected: J. T. Hunter, J. Y. Chappell, Alfred Jones, W. H. Richardson and T. C. Robertson.

It was ordered, on motion, that the chair appoint ten delegates to the county convention, and that other Democrats of the Township who may be at the convention shall be considered delegates. The following delegates were appointed to the county convention. J. T. Hunter, L. M. Green, J. Y. Chappell, T. C. Robertson, B. W. Green, W. H. Richardson, R. W. Jeffrys, Allen Honeycutt, G. W. Norwood, G. H. Mooneyham. On motion, the chairman and secretary were added to the list.

The following resolutions were adopted:

WHEREAS, Wake county has lost much of its influence in the Legislature, and in State conventions, and whereas we believe such a result is caused by electing inferior men to office; therefore,

Resolved 1st. That we favor the nomination of honest, good and intelligent men for county officers and for members of the General Assembly.

2d. That we regard all men who have not these qualifications unfit to be trusted with any public duty.

3d. That we regard it degrading to the party to nominate candidates to office on account of availability alone, without regard to their integrity and capacity to discharge the duties pertaining to the office.

4th. That we disapprove that mode of electioneering for nominations which consists in denouncing other men who are prominent for the same positions, and all other modes which prevent the friends of each candidate from giving a hearty support to the nominee. We pronounce all who practice such modes selfish disorganizers.

5th That we acknowledge the claims of no man or any set of men upon us or the party for any position and in selecting candidates we will choose only those whom we consider best able to serve us.

6th. That much of the corruption in office is brought about by rewarding bad men with office for party services.

7th. That we will use our utmost efforts to promote the success of the Democratic party in the coming election believing its success will be a great good to the county. J. H. FLEMING, Secretary.

Primary Elections in Cabarrus.

Correspondence of the News.

CONCORD, N. C., June 15.

The primary Democratic meetings were held to-day throughout Cabarrus county. The delegations appointed from each township were instructed how to cast the vote in the County Convention on the 29th inst. Eleven townships have to this time been heard from; of this number J. M. Odell carried seven—a majority of the whole. He will, therefore, be the nominee for the House, which is equivalent to an election in Cabarrus. The contest was between him and Col. Means, and was the most hotly contested ever known in Cabarrus. Recommendations for county officers not known yet. Odell is a Vance Democrat.

Hon. Wm. T. Dortch.

Goldsboro Messenger.

We congratulate the people of the 10th Senatorial District composed of Wayne and Duplin; indeed we congratulate the entire East upon the fact that our townsman, Hon. W. T. Dortch, has at last responded to the many urgent solicitations, and, willing to make personal sacrifices, has consented to allow his name to go before the Convention for the Senatorial nomination. Of his nomination and election we feel well assured. His presence in the Senate will command universal esteem so faithfully won, and his able counsel and sound discretion will be felt throughout the State in the legislative deliberations. Every position of public trust filled by Mr. Dortch, he not only discharged the duties thereof faithfully, efficiently, but returned to the people, bestowing these honors, free from taint or suspicion. So will it be when the good people of Wayne and Duplin send him back to the Senate, and his consent amounts to an election.

THE AGRICULTURAL DEPARTMENT.

Commissioner Polk at Statesville--Agricultural Museum--Farmer and Mechanic--Political Press of Raleigh.

Farmer and Mechanic.

Agricultural Museum:—He spoke of the Museum and its objects—the few products Iredell had on exhibition in it, and urged the farmers to send on specimens of all the native products of the county, at the expense of the Department.

The Farmer and Mechanic:—He stated that the Board of Agriculture had established this agricultural paper in connection with the Department; that it was published weekly under the auspices of, and controlled by, the Department, and that every farmer in the State ought to subscribe for it; and that whether they subscribed for that paper or not, they ought to read newspapers largely.

The Newspapers of the Country:—Col. Polk paid a glowing tribute to the press of the State, and stated that it had, without exception, given a cordial support to the Department; that it was the first time in the history of the State when a great enterprise had received the unanimous support of the press; that the News and Observer had sent reporters throughout the State to report his speeches; and that the editors of those political papers had written and published more original matter on agriculture since the Department was organized than the entire press of the State had done in the past fifteen years.

THE STATE CONVENTION.

Hon. P. H. Winston Suggested for Congress.

Correspondence of the News.

FALKLAND, PITT CO., June 17.

The Judicial Convention had adjourned, after nominating the strongest ticket ever offered to the suffrages of the people of North Carolina. On all sides the convention is praised for its selection. From the ballots cast by the delegates I notice one circumstance which brings me to the principal object of my letter. The First Congressional District was a unit for the Hon. P. H. Winston, Sr. I rise to nominate this able gentleman for Congress from the First District, and for these reasons:—Nearly every county in the district has an aspirant for the nomination; so that, no matter which is nominated, several will feel nettled. Jealousy is wide spread, and the feelings of the people are wrought up to the highest tension. I would not cast a single reflection on the candidates, for they are all gentlemen of ability and integrity, but I fear that these differences can not be reconciled. These are reasons which, to my mind, are very potent.

Mr. Winston is a bright, earnest Democrat, an honest, able man. To him we owe the Democratic organization in the East, when Democracy was scattered to the four corners of the globe, and many feared "ne'ir to be reunited."

Voters of the First District, rally to the support of him I have just written, and in honoring him you honor yourselves and your country.

The State Convention.

Lincolnton News.

Thursday the sun of North Carolina politics arose in dazzling splendor, and the day will be remembered by the "oldest inhabitant."

The representatives of the people from the Blue Ridge to the wild alligator swamps met in convention at Raleigh and deliberately nominated the following brilliant, able and upright gentlemen for the Supreme Court: W N H. Smith, of Wake, Thomas S. Ashe, of Anson; John H. Dilliard, Guilford.

The raging billows have quieted down. Everything is as lovely and gentle as a June zephyr.

We favored David Schenck for one of the associate justices on account of his being a townsman, &c., but will meekly acquiesce in the proceedings of the convention, and we are fully convinced that Judge Schenck will do likewise.

A SUGGESTION

Worthy of Consideration by the Wake County Democratic Convention.

Correspondence of the News.

RALEIGH, June 18.

By accident, I stopped in front of Metropolitan Hall last Saturday night, when the loud peals of the great bell were summoning the Democracy of this township together for consultation and work. A neatly dressed gentleman came up and also stopped. I said to him: "What is this meeting for?"

He said he "had been told it was a Democratic meeting, and had all his life been a Democrat, and when the party began to move he always fell into line." He then added: "I am a mechanic, and have to stick close to my work for a living, and so have but little time even to read my newspaper—to see what is going on; but there is one thing I want to see our party friends do, and that is to *mix things up a little.* I don't mean by this to put forward any but our own race, for I believe God intends this government shall be run by the white men, but as all trades and callings are interested alike in the laws, I believe they ought all to be represented in the Legislature, and have a hand in making them. We have mechanics here in Raleigh, capable and willing to go to the Legislature, and I do hope the Democratic party will have sense enough to nominate one of them. This county is entitled to so many members; all trades can have their man on the ticket this year, and if they will just fix us up a ticket of that sort, the people will elect them. Put on a lawyer, a doctor, a merchant, a farmer and a mechanic, and the moving machinery of this world would be represented, and everybody will vote for them."

I replied I thought this idea a good one, and the more I have thought of it, the better I like it, for surely we all want men nominated, whom the people will elect.

Governor Colquitt, of Georgia, in his speech at Trinity College the other day, said: "The South must increase her wealth by new and multiplied industrial agencies and enterprises. * * * We must meet the question of dependence. Our pursuits must be diversified; less than 75 per cent. of our population must be given to agriculture; the mechanical trades must be multiplied among us, and our children must fill them." Was ever the truth better told? The time has come, by the force of circumstances and of necessity, throughout all this Southern land, when labor must be dignified and no particular class ignored when an honorable position is to be filled. Let the youth of the land know and understand that manly virtue, high moral character and a well cultivated brain, are the passports to the universal confidence and respect of their fellow citizens, and not the trade or calling, under God's providence, that they may have chosen, which entitles them to it, whether it be the one that requires the horny hand to hoid the plow or drive the plane or mighty forge, or the delicate hand that handles the silks and laces of the world, or that rolls the pills for the sick or pleads his client's cause. Let them feel "that honor and fame from no condition rise," etc., and soon our young men who go through college will not all fly to the professions as the only place of refuge, but will soon learn and appreciate the fact that there is a great and inviting field for the educated man in the mechanic arts, and upon the farm, and among the minerals, metals, rocks and waters of our great old State. So let us "mix up a little," and send from this county to the next Legislature a full representation of all hands. Now I believe it a good rule to select men for the Legislature who have made a success of whatever calling in life they have been engaged in; for he who manages well for himself will be apt to take care of the public interest also. So I place in nomination that venerable and good man, sterling Democrat and successful mechanic, Thomas H. Briggs, Esq., of this city. This is done without his knowledge or consent, or without knowing whether he would accept the position, and my apology for it to him will be that I believe in the old sentiment of the fathers, "that the office ought to seek the man."

Sad Accident and a Cutting Affair at Salem.

Correspondence of the News.

WINSTON, June 17.

Last Saturday morning, while Mr. John Walters was driving into Salem, his horse became frightened and ran, and Mr. W., in jumping from the wagon, had his leg broken in two places.

CUTTING AFFAIR.

Last Saturday night Wash Troy and Lindsey Thomas, two negroes, got into a difficulty, in which the latter was badly, if not fatally, stabbed in four different places.

Primary Elections to be Held.

Monroe Enquirer.

As will be seen by the card of the Executive Committee in this issue, the call for a County Convention has been withdrawn, and the citizens are requested to hold primary elections in their respective townships on Saturday, the 6th day of July. This change has been made as it was thought that it would promote general satisfaction, and we trust that the people will turn out on the day appointed, and express their preference of candidates for the different offices.

The Supreme Court.

Concord Register.

There is no discount on this ticket, a better selection could not have been made, and we shall give it our earnest support. We are disappointed however, our earnest hope has been that Judge Schenck would be honored with the nomination as one of the Associates. We feel that his rejection by the convention was a slaughter that should not have accomplished, but it is harder to heal wounds than to make them. We have not got our choice, but nevertheless not our will, but let the nominations of the convention be successful.

Radical Rumor.

Concord Register.

It is said that the Republicans and independents will bring out the following ticket for the Supreme Court bench: For Chief Justice—W. N. H. Smith, of Wake; for Associates—W. P. Bynum, of Mecklenburg, and Thos. Ruffin, of Orange.

A WORTHY correspondent nominates Thomas H. Briggs, Esq., of Raleigh, for the Legislature from Wake. He takes the ground that the five places in the Senate and House should be filled each by a lawyer, a doctor, a farmer, a merchant and a mechanic.

SUPERINTENDENT MILLS, of the Orphan Asylum, reports that the tour of his orphan class has been very satisfactory and successful, but that no place in the State has equalled New Berne in the amount of collections on the occasion of the performances of the class at that point.

BY inadvertence the News failed, at the proper time and place, to notice the appearance of the Courier, a new, large and handsome paper, at Jackson, in Northampton county. It is published weekly by Calvert and Barron, and they announce their "desire to establish in Jackson a newspaper wholly devoted to the service of every good citizen, and not to any particular faction or party." The first number of the Courier bears date the 12th instant.

THE mechanics of Raleigh and Wake have never stood out for representation in the Legislature, but when they constitute such an important element in society as here, go to make up so much of the population and wealth of the city, among the chief promotors of its progress and prosperity, there is no good reason why the people should not find in their ranks a good and worthy representative. The name of Thomas H. Briggs, a leading mechanic, has been suggested. There are yet other good and capable men in the ranks of the mechanics of this city and county.

GEN. JOHN C. GORMAN, of Raleigh, has assumed the control and management of the Asheville Pioneer, the Republican organ of the Eighth Congressional District. He is a good writer, and a printer of thirty years' experience, and will make the Pioneer both a presentable and readable paper. Although setting out as a pronounced Republican sheet, Gorman will jump the traces and fight on a line of independence before many moons, as sure as he stays where he is. Restless and energetic, he will infuse some new fangled notions of life and progress into the mountain mind, stir up and make it lively for the transmontane press. Raleigh wishes her sons success and careers of credit and usefulness wherever they may go. Gorman can serve the people of Western North Carolina to a very high degree, and make a success for himself in his new mountain home, if he has a mind to, and strikes right; but he must not stand too much in the shadow of the Radical dynasty, which has ruled and well-nigh ruined the Western District.

IT having been telegraphed from Statesville that Colonel Polk, Commissioner of Agriculture, on the occasion of his speech at that place had drawn an invidious distinction between the morning press of Raleigh to the prejudice of the News, as an act of justice to the Commissioner, what he did really say is reproduced from the Farmer and Mechanic, that matter having passed under his supervision and met his approval as being correct and presenting the full substance of the language he employed, and emphatically refuting on his part that he made any distinction whatever in speaking of the morning papers of Raleigh. The business of the Commissioner of Agriculture is not that of a newspaper advertising agent, and it is doubtless his desire not to be understood as such. The News, however, would not have noticed the matter, only to set the Commissioner right before the public, for it does not depend for success and circulation on the partiality of gentlemen in public station, the utterances of public speakers, newspaper runners, staff strikers or local blowers.

The Judicial Districts.

The following is the arrangement of counties into Judicial Districts, which goes into effect after the August election. In each of the nine districts a Solicitor is to be elected on the first Thursday in August; and for the seventh, eighth and ninth districts, a Judge each, voted for by the State at large. In the election for Solicitors the counties will vote in districts under this arrangement.

FIRST DISTRICT:—Currituck, Camden, Pasquotank, Perquimans, Chowan, Hertford, Gates, Washington, Tyrrell, Dare, Hyde, Pamlico and Beaufort.

SECOND DISTRICT:—Wake, Warren, Halifax, Northampton, Edgecombe, Bertie, Martin and Craven.

THIRD DISTRICT:—Nash, Wilson, Pitt, Greene, Wayne, Lenoir, Jones, Carteret, Onslow, Duplin, Sampson, New Hanover and Pender.

FOURTH DISTRICT:—Harnett, Moore, Anson, Richmond, Robeson, Columbus, Brunswick, Bladen, Cumberland and Johnston.

FIFTH DISTRICT:—Alamance, Randolph, Guilford, Chatham, Franklin, Orange, Granville, Person, Caswell and Rockingham.

SIXTH DISTRICT:—Mecklenburg, Cabarrus, Stanly, Montgomery, Union, Lincoln, Gaston, Cleaveland, Rutherford and Polk.

SEVENTH DISTRICT:—Davie, Yadkin, Wilkes, Alleghany, Surry, Stokes, Forsythe, Davidson and Rowan.

EIGHTH DISTRICT:—Catawba, Burke, McDowell, Yancey, Mitchell, Watauga, Ashe, Caldwell, Alexander and Iredell.

NINTH DISTRICT:—Buncombe, Madison, Henderson, Transylvania, Haywood, Jackson, Swain, Macon, Clay, Graham and Cherokee.

The Colored Solicitor.

The Republicans of the second judicial district met in convention at Tarboro yesterday, and nominated a colored man for Solicitor.

J. H. Collins, the nominee, is a colored, briefless lawyer. He has had license some three or four years, but it is not remembered that he ever had a case; has not practiced the profession of the law, nor much attempted to, but has devoted himself to school teaching. He may be said to be utterly without capacity for the position of prosecuting officer, and his nomination is an insult to the dignity of justice and a flagrant outrage on the majesty of the law.

In this nomination the Republicans of the second district, mostly colored people, manifest a gross contempt for the proprieties of public action as well as for the white people of the district. They deliberately draw the color line, and in their selection ignore one or two men of their own race who have some capacity. They say to the public that they have no regard for law and order in the selection of officers of the court; they mean to trample on the rights and liberties of the people because they happen to be in the majority, and there shall exist no safeguards around life, liberty and property whenever they shall be in position to give direction to public affairs.

The colored people are making a great mistake. At a time when the white men of the State are paying taxes for the support of their paupers and insane, for the education of their deaf and dumb, for the maintenance of public schools for their children, and sustaining a normal school for the preparation of teachers from their own race, giving employment to and providing homes for them, they come forward in that spirit of hellishness which they caught from their radical carpet-bag patrons of a few years ago, and flaunt the black flag in the face of their benefactors and protectors.

But let them pursue their course if they will. They have been advised by both white and black friends, political and otherwise, and if they can afford to re-establish the color line, the white people can stand to have them do it, and it will be seen in the end who shall most have suffered. They should, however, note one fact as they go along, that the white people of the South having, from the first, determined not to submit to negro domination, have, in every Southern State, thrown off the yoke of negro rule, and the attempt to re-establish that sort of thing now, even in a single judicial district in North Carolina, will most ignominiously fail.

If the colored people have any white political friends, they would do well to seek of them some wholesome advice and abide by it. If they have no white friends within their own party whom they can respect, or whose advice they care to follow, then let them seek counsel of some honest, moderate gentleman of the Democratic party, whose life and public conduct to them is a guarantee of disinterestedness, save for the public good, and the welfare of both the colored and white races.

The Young Men's Christian Association.

In connection with the meeting held in the Presbyterian Church last night by the Young Men's Christian Association, the following general statement of the object, aims, and purposes of these societies, will be of interest to the general reader.

The Young Men's Christian Association is not designed to be a mission to the churches, but as a mission of the churches, through their young men for a special object, namely, to reach other young men.

The need for special effort in behalf of young men is universally conceded. The fact that so many are now, and have been, away from church influences, demonstrates the need of some agency in the church, and directed by it, to bring this class to a knowledge of Christ and into sympathy with the church. The special temptations of young men call for unusual effort, and young men who are familiar with the temptations and know the habits and wants of young men, are the ones best fitted to deal with them.

In reaching young men it is often desirable and helpful to make efforts which include in their scope classes of other than young men, but the organization should not be carried away by success in other directions, nor discouraged, by failure in their legitimate work, from prosecuting their special mission.

What special work can they do?

1st. They hold young men's meetings to develope christian young men, and reach those not christians.

2nd. They provide reading rooms and pleasant places of resort for young men who have not the attractions of comfortable homes.

3rd. They conduct lectures and entertainments, such as young people want, but of a character to elevate and improve.

4th. They hold social singing meetings, praise and promise meetings.

5th. They conduct meetings in districts where people do not go to church, in school houses and neglected neighborhoods, in hospitals, jails and alms houses, and with the sick, the aged, and the infirm.

6th. They hold open air meetings, and through them present the gospel to many who do not go to church.

7th. They hold meetings for boys.

8th. They accustom young men to the Young Men's Christian Association, interest them in its work, and when changing their residence introducing them to other Associations, and through them to the companionship of christian young men.

9th. They are conducted by christian young men, who are developed by the earnest personal work for other young men, and are made more useful in all branches of christian work.

10th. They are an efficient agency of the church in bringing young men to the knowledge of Christ.

It is hardly necessary to say that the Young Men's Christian Association does not take the place of the church, and that its teaching is, that its meetings must not conflict with church meetings, and that a young man's first duty is to his church.

These organizations, in this country, now number more than one thousand, with a membership of over one hundred thousand. The Associations own property, clear of encumbrance, to the amount of over two millions dollars; one hundred and twenty-three general secretaries are employed; and over ten thousand men were provided with employment through this agency during the year. Its work for young men is now clearly developed, and ministers and christian people are in hearty sympathy with the work.

VEGETINE.

Vegetine

I ADVISE ALL WHO ARE SUFFERING AS I HAVE SUFFERED TO GIVE VEGETINE A TRIAL.

BOSTON, Sept. 9, 1877.

MR. H. R. STEVENS:—

Dear Sir,—I have suffered with Scrofulous Humor for seven years, and could get no relief. I have tried everything in the shape of herbs, salves, plasters, &c., but nothing did me any good. I was from my knees to my ankles one mass of sores. I was advised by police officer w. B. Hill, to try Vegetine I commenced last July, 1876. After taking the second bottle I began to get relief, and the sores to heal up. I was finally reduced to one large ulcer on my right leg, that run so much and looked so bad, that many said I must lose my leg; but, after I had taken fourteen bottles of Vegetine, my leg was all healed up, and I am now as well as ever I was in my life. I consider Vegetine the best cleanser and purifier of the blood, and advise all who may be suffering as I have suffered to give it a trial

HENRY T. SMITH,
No. 50 Utica St., Boston, Mass.

SCROFULOUS HUMORS.—The Vegetine has cured many cases of scrofula of five, ten, and twenty years' standing, where the patient has had many physicians, tried many of the known remedies: and, after trying the Vegetine the common remark is, "It acts differently, works differently, from any medicine I have ever taken." Vegetine will cleanse scrofula from the system, Try it.

Vegetine.

I CAN RECOMMEND.

SOMERVILLE, June 10, 1875.

DR. H. R. STEVENS:—

Dear Sir,—It is with great pleasure I can recommend in the highest terms your Vegetine as a purifier of the blood. Having met with a painful injury of the spine and sciatica nerve over fourteen years ago, my ankle has been swollen a great deal of the time, and very painful. By using Vegetine, I find great relief, as it gives a higher tone to the blood, improving my health; and I hope that all the human family in a suffering condition will avail themselves at once of this most valuable remedy.

Yours most respectfully,
WM. STINEHERST,
Station Agent, Somerville, Mass.

"Vegetine," says a Boston physician, "has no equal as a blood purifier. Hearing of its many wonderful cures, after all other remedies had failed I visited the laboratory, and convinced mys lf of its genuine merit. It is prepared from barks, roots, and herbs, each of which is highly effective, and they are compounded in such a manner as to produce astonishing results."

VEGETINE.

COMPLETELY CURED ME.

NEWPORT, KY., Feb. 26, 1877,

MR. H. R STEVENS:—

Dear Sir,—I write to say that seven bottles of your Vegetine have completely cured me from a very severe case of Scrofula, of many years' standing, after trying many medicines and doctoring a great deal. I am now free from all sores, and can work as well as ever, and think the Vegetine is a god-send, and no one ought to do without it.

I remain, respectfully yours,
J. A. PATRICK.

Vegetine is now prescribed in cases of Scrofula, and other diseases of the blood, by many of the best physicians, owing to its great success in curing all diseases of this nature.

Consumption Cured.

An old physcian, retired from practice, had placed in his hands by an East Indian missionary the formula of a simple vegetable remedy, for the speedy and permanent cure of consumption, bronchitis, catarrh, asthma, and all throat and lung affections, also a postive radical cure for nervous debility and all nervous complaints, after having tested its wonderful curative powers in thousands of cases, has felt his duty to make it known to his suffering fellows. Actuated by this motive, I will send free of charge, to all who desire it, this recipe, with full directions for peparing and using, in German, French or English. Sent by addressing with stamp, naming this paper. W. W. Sherar, 149 Powers Block, Rochester, N. Y.

Oakwood Academy.

The closing exercises of this institution took place on Friday. The examination, under the management and inspection of five experienced teachers, was thorough and exhaustive, and the committee expressed itself as highly pleased with the proficiency and advancement of the students and also with the great care and attention which had been bestowed on them by their teachers. The exercises clearly showed that the training of the pupils was thorough. In the afternoon the school and quite a number of persons from the surrounding community, were addressed by Mr. H. W. Norris, A. M. His subject was the "necessity of mental culture to prepare men and women for the enjoyment of life," and it was listened to with marked pleasure by those present. At early candle light all again assembled for the concert and exhibition, which was begun by the elegant rendition of a piece of music on the organ, by Miss Andrews. The exercises were closed with speeches, dialogues, and compositions by the members of the school.

This institution is under the supervision of Mrs. M. R. Andrews, relict of Mr. C. C. Andrews, one of the former presidents of Thomasville Female College, assisted by her daughter Miss Maggie, and the people near Ballentine's Mills are to be congratulated on having such efficient teachers.

The Deaf and Dumb and Blind Asylum ---- Addition to the Building.

For some time the necessity for more space in this building has been apparent, the number of pupils having increased, and from various other causes. At a meeting of the Board of Trustees held not long since, it was decided to complete the structure according to the original plans, by the addition of a wing to the Northern extension of the building. This will, therefore, be the counterpart of the Southern end, the addition corresponding in style and dimensions to that now occupied by the Superintendent. The statements of the work necessary were furnished to contractors and notice was given that bids would be received by the Board for examination and approval.

At the meeting of the Board on Monday evening, bids were tendered by six firms of contractors. The lowest one of these was that made by Payne Bros, of this city. They were therefore awarded the contract.

The Board also appointed a committee of three gentlemen, to see that the work is done according to contract. This committee of examination consists of Maj. Jno. C. Winder and Messrs. Stanhope Pullen and W. J. Hicks.

The work will be begun at once, and will be completed during the vacation of the Institute. The appearance of the building will show a marked improvement.

Y. M. C. A.

The meeting called by the Young Men's Christian Association last evening at 8½ o'clock in the lecture room of the First Presbyterian Church, was well attended, notwithstanding the inclemency of the weather. D. W. Bain, President of the local Association, presided, and introduced to the meeting Mr. T. K. Cree, traveling secretary of the Executive Committee of the Young Men's Christian Association of the United States, and the British Provinces. Before commencing his lecture Mr. Cree stated that he would be glad to have the two delegates from this city to the State Convention at Greensboro, give some account of the Convention. Mr. A. M. McPheeters and Mr. John Armstrong, the delegates, then made short reports, saying that the Convention was a great success; some 35 or 40 delegates were in attendance; that there had been a large increase in number of associations during the year, and the result would be a great stimulus given to the work in the State. They also made special mention of the hospitality of the citizens of Greensboro in entertaining the delegates. Mr. Cree then addressed the meeting, and in a most clear and excellent manner set forth the object of the Association, the main feature of which was to look for the good of the young men of the land. He stated that there is employed on our railroads 800,000 young men, and as commercial travelers 60,000, in our colleges 40,000 and that in our Penitentiaries a large proportion were young men, in one that we recently visited the average ages of 1900 was 24½ years, and that the great majority of them who frequent the drinking and gambling saloons, the theaters etc. were young men.

Mr. Cree made a most favorable impression and has been urged to return here. Professor Kerr followed in a most appropriate address in regard to the danger to our young men from the scepticism and infidelity of the day. The meeting was interspersed with singing, reading scripture and prayer, and was most pleasant and interesting.

Owing to many other entertainments for to-night, the meeting announced to take place at the Baptist Church to-night was recalled.

Col. Wm. Johnston.

Lancaster Ledger.

Col. Wm. Johnston, of Charlotte, is spoken of in the newspapers as a candidate for Congress from the sixth congressional district in North Carolina. Our sister State would do herself credit in placing in the halls of Congress such a man as William Johnston. He is a man with practical ideas, extensive information, untiring energy and thorough execution. There are but few such men in North Carolina or the Southern States.

Endorsing Vance.

Concord Register.

Dr. Richard Anderson in a speech, made at Albemarle on the occasion of his nomination for the State Senate last Saturday, said: had he been instructed by the convention that nominated him, to vote for U. S. Senator, for another than our Zebulon B. Vance, he would have declined the nomination. Those are noble words, and that sentiment will ennoble the hearts of nine-tenths of the Democracy of the State.

The Drummer Tax.,

Concord Register.

We have canvassed our town merchants on the $500 State tax on Drummers, and the universal answer was opposed to the tax. W. R. Kindley, of Mt. Pleasant, was among the interrogated merchants.

Eating is a Torture,

And sleep often a mere travesty of repose, to the dyspeptic. Appetite is correspondingly lost—bred by this most prevalent of maladies, and headaches, biliousness constipation, poverty of the blood, loss of flesh and of vitality, and a thousand annoying and indescribable sensations, are its concomitants. It is, more over, the progenitor of numerous and formidable bodily disorders. Obstinate as it is however, its complete eradication may be effected by the persistent use of Hostetter's Stomach Bitters, a medicine which communicates both vigor and regularity to the organs of digestion and secretion, relaxes the bowels gently but thoroughly enriches and purifies the blood, promotes appetite, and gives tranquility to the nervous system. Persons of weakly constitution and feeble physique who use this superb tonic infallibly derive from it the stamina of which they stand so much in need, and it is invariably successful in remedying and preventing malarial diseases. Major S. M. Finger.

Letter in the Lincolnton News.

Catawba county has determined to bring forward the name of Major S. M. Finger for Congress.

It is not necessary to say to the people of Lincoln, Gaston and Catawba that the convention will have no better man before it. In these counties, Maj. Finger is known as a capable, honest, industrious christian gentleman, whose natural abilities, early and complete training and past experience fit him for any position.

Senator Merrimon.

Lincolnton News

The people of North Carolina may forgive infirmities and errors in private affairs, but never forgive grave political insubordination. It is the unpardonable political sin. Senator Merrimon must suffer the punishment; but his commanding talents and his private virtues will excite the compassion of those who inflict it. In the future he may regain all that is lost.

The Ætna Life Insurance Co., is successfully developing a branch of business not generally practiced. This company offers at very moderate terms—from twenty-five to fifty per cent. less than ordinary life rates—to secure business firms from losses by insuring the lives of parties indebted to them. Payment for goods frequently depends upon the purchaser living a sufficient time after the purchase has been made to realize upon the goods. By insuring the life of the purchaser, as provided in the plan in operation by the Ætna, the purchase money is secured beyond peradventure. Breaks to-day 345 Hh'ds and 41 Te's. Offerings at Auction 113 pk'gs, of which 71 were sold.

The market is very unsettled this week, owing to the tobacco tax question being still unsettled, but with a probability of its being settled either by Government of Congress, or a lowering of the tax. Manufactures are doing nothing, they are receiving instructions from their customers not to ship in meantime. Bright tobacco is decidedly lower.

Wine at Evening Parties.

No matter what may be said about the use of wines and liquors, it is the adulteration and trash mixtures that does the mischief. Where pure wines are used we hear no complaint of inebriation. We never hear of intoxication from the use of Speer's Port Grape Wine, of New Jersey. This wine is held in high estimation by the best doctors in the country, and was awarded the highest premium at the late Centennial.

BEAUTY:
OR THE
Secret of a Fair Face.

AN ITEM OF INTREST TO EVERY LADY WHO DESIRES TO BE MORE BEAUTIFUL THAN SHE NOW IS.

Unfortunately not one woman in a hundred, subjected to the whims of an American climate possesses that basis and starting point of real beauty—a pure and clear complexion.

What nature has thus denied, art must be called upon to furnish.

It can be done; it is done daily. Prof. W. E. Hagan placed beauty within the reach of every unblessed daughter of Eve when he discovered that surprising article known in fashionable circles as the true secret of beauty, and called

MAGNOLIA
BALM

The MAGNOLIA BALM is a sure device for creating a pure and blooming complexion.

It conceals all natural blemishes in the most surprising and effective manner.

It removes all roughness eruptions, redness blotches, freckles, and tan with magical power.

It drives away all evidences of fatigue and excitement.

It makes the plainest face beautiful.

It gives the complexion a dazzling purity and makes the neck, face, and arms appear graceful, rotund, and plump.

It makes a matron of 35 or 40 look not more than 20 years old, and changes the rustic maiden into a cultivated city belle.

The Magnolia Balm removes all blemishes and conceals every drawback to beauty; and while it is as harmless as water, it is so lifelike in its effects that the closest observer cannot detect its use.

Ladies who want to make themselves attractive can make an absolute certainty of it by using HAGAN'S MAGNOLIA BALM, and we know of no other way. It is the cheapest preparation in the world, all things considered, and may be had at any drug store.

Prescription Free.

FOR the speedy cure of Seminal Weakness, Lost Manhood, and all disorders brought on by Indiscretion or Excess. Any Druggist has the ingredients.
